

Take care of your smile and your health.

Having a dental and vision plan can help you:

- **Save money.** When you need dental or vision work, we share the cost with you. You can save even more money by visiting in-network providers.
- **Be covered for the unexpected.** Without a dental or vision plan, you would be responsible for the full treatment cost.
- **Detect health issues sooner.** More than 120 diseases¹, including heart disease and diabetes, have symptoms that appear in the mouth. Plus, regular eye exams can help identify early signs of chronic health conditions like high blood pressure, diabetes, heart disease and high cholesterol.²
